# COMPLETA LAS VOCALES Y DA VIDA A LOS GLOBOS ¡ES TU MOMENTO!

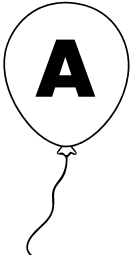

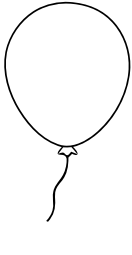

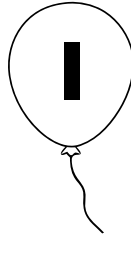

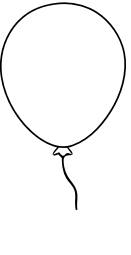

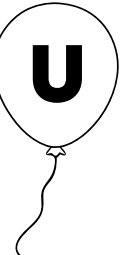

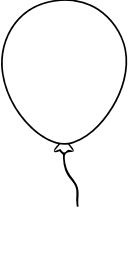

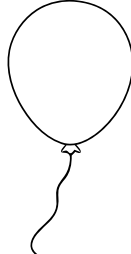

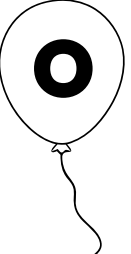

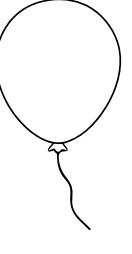

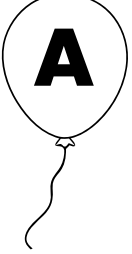

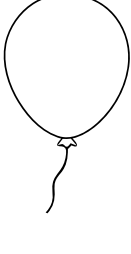

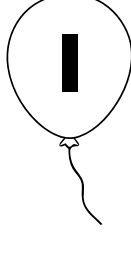

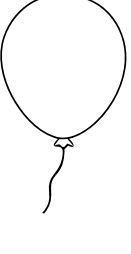

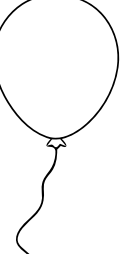

## Materiales

- ✓ Lápiz
- ✓ Borrador
- ✓ Colores
- ✓ ¡Ganas de aprender!

## ¿Cómo funciona?

En esta actividad, encontrarás globos dibujados en una hoja. Algunos ya tienen vocales, pero otros no. ¡Tu misión es completar los globos con la vocal que falta! (A,E,I,O,U) en el orden correcto. Luego, colorea cada globo como en el ejemplo.

|                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                       |                                                                                       |
